Good morning Leo,

I wanted to bring to your attention a couple of issues with two of the new ALB receptacles.

One is located at north east corner of Wilshire and St. Andrews at 3881 Wilshire Blvd. It appears that the local merchant is disposing of their boxes, papers and other business in trash in the ALB receptacle, thereby causing it to be constantly full. The lid is also been removed and is missing. I would recommend moving this ALB to another location closer to Western, possibly Western and 8th. Or remove it completely so that is no longer abused at 3881 Wilshire. Photo attached.

The second ALB is located on the North west corner of Normandie and 8th Street on the Normandie side. The lid has been removed and has been missing for a couple of weeks now. I would recommend installing a new lid. Photo attached.

Thank you in advance for your time and effort in this matter.

Thank you,
Mike Russell

Hi Leo & Arman,

I just wanted to thank you for delivering the new receptacles. Your team has done a tremendous job. The community has already been making great use out of them. Many of the building managers were very please to see these new receptacles.

I'm not sure if Cairo Rodriguez from Council President Herb Wesson's office already contact you... But would it be possible to get one last receptacle delivered to the southwest corner of Wilshire & Berendo (on the Wilshire side)?

Lastly, I would like to write a commendation letter to your higher-ups. Should I address it to Director Enrique C. Zaldivar or is there someone else I should send it to. Please let me know.

Thank you. Have great weekend.

Thank you,
Mike Russell

Attached PDF includes map of Wilshire Center BID map with plotted locations of receptacles, along with sample pictures of the types of containers within the BID. Also included the raw data PDF and Excel. Access to the map might be limited for now until we post on CleanStat website. Hope this helps?

Hello Mike. I'll get with staff to see if they can email you the number of containers in the grid you outlined in the email.

Regards
Leo .,

Hello Leo,

It was nice meeting you at the BID Consortium meeting last week. Thank you for the presentation, it was very informative.

I wanted to follow up with you about getting access to the data that showed the location of all the trashcans.

I am particularly interested in Wilshire Center BID area (Wilton to Hoover and 3rd to 8th Street).

Can you please let me know if that is something I can get access to or that you can provide me?

Thank you,
Mike Russell
